Permission for Student DRIVING to and/or from a School-Sanctioned Event

(including all Grace Prep-sanctioned athletics games or practices)

Students who choose to drive to and/or from a school-sanctioned event must do so only with permission of his or her parent. Grace Preparatory Academy is not liable and is indemnified of any responsibility in this situation if an accident were to occur. An individual’s personal vehicle insurance policy will be primarily responsible for any and all damages or losses incurred. Grace Prep’s insurance covers the school-rented (or owned) vehicles that are driven by a licensed and insured driver employed by the school, to a designated event or function.

I have read the above statement and understand that Grace Preparatory Academy cannot be held liable and cannot be sued if any accident were to occur while my child is driving his or her own personal vehicle.
